

Fettes College

150 YEARS 1870-2020

Sadly Departed

Contents

3 – 152 Old Fettesian Records

152 – 160 Former Staff Records

Background

This document contains a record of all Old Fettesians and former staff who have sadly passed away. We are very grateful to all those who inform us of their loved ones passing.

Old Fettesians are organised by decade at School, then their surname. Former staff are organised by surname. Previous names are also included, where known, in brackets. This document is searchable, so if you cannot find a name by browsing please use the search function.

War Records

The list denotes those who sadly lost their lives in active service, due to injuries sustained in service or civilian service during WWI, WW2 and other wars/military service. WWI records are denoted by a single star (*), WW2 records are denoted by two stars (**) and other records are denoted by a single cross (+).

All names marked with a *, ** or + are honoured on either the War Memorial or Plaques in Chapel.

Updating the list

We endeavour to keep our records accurate but there may be some errors or missing names. If you come across anything that needs to be amended, please do let us know by emailing fettes.community@fettes.com.

This list will be updated every three months. Recent deaths will be available on the sadly departed page: <https://www.fettes.com/familyforlife/alumni/sadly-departed>.
